

# Gairdíní Carta Phoist Bloom Bloom Postcard Garden

**Ainm an Ghrúpa/Eagraíochta - Group/Organisation Name :**  
**ST. MICHAEL'S HOUSE - GREEN FINGERS PROJECT**

**Anim an Ghairdín - Garden Name:**  
**FLIGHTS OF FANCY**

Our concept aimed to bring awareness to the majestic butterfly; their hibernation, migration and feeding needs, along with other helpful insects. Our "Green Fingers" project created beautiful butterfly/insect hotels using recycled materials.

Our inspiration was inclusion and transformation. St. Michael's House provides a comprehensive range of services/supports for individuals with intellectual disabilities and their families.

A previous outing to Bloom with service users from our unit inspired our application. Just as the caterpillar transforms, our service users transformed into busy bees. Our unit became a hive of activity with service users busy sowing and caring for seeds, sculpting, knitting, crocheting etc all the flightastic colourful elements of this "Flights of Fancy" postcard garden.

**Urraitheoirí/Soláthróirí - Sponsors/Suppliers:**

**Why not show us what your local garden club or society can do at Bloom 2020?**

The **POSTCARD GARDENS** at Bloom give garden clubs, societies, community groups, residents associations, passionate amateurs, owners of gardens that are opened to the public, GIY, and conservation groups a chance to showcase their talents.
