Receive:

- Green Team T-Shirts for your unit.
- A copy of the Green Team Charter.
- A certificate of recognition.

Green Team Charter Launch

The Green Team launched their new charter for St. Michael's House.

The team created goals and responsibilities for becoming more sustainable and environmentally friendly.

The launch took place in St. Michael's House Leisure Centre, 1st May 2025.

Goatstown Services have done lots of work recycling their bottles and even created the Green Team Logo as part of a project.

Goatstown Services

Alan, Cathy and Patrick helped give out the new t-shirts and charter for everyone who signed up on the day.

Patrick and Cathy spoke at the event about some the work they have done to be more eco-friendly in Goatstown.

Northbrook

Andrew, Maria and Claire showed some of the bee-friendly flowers they are growing in Northbrook. They even had some plants to share out.

Northbrook are also collecting batteries and vapes to recycle. You can drop them in to their centre.

They are raising money for Barretstown and helping the environment.

Abhainn Swords

Katie & Lauren hosted their Lady Bug hotel workshop with Gillian and Lisa. The Lady bug is made with recycled materials and makes a great home for our garden friends.

If you would like Katie and Lauren to run a bug hotel workshop in your unit get in touch with them !

Work Options

Graham, Paula, Lynn, Jenny and James from Work Options showcased their work around the importance of looking after our planet and being bee-friendly.

Riverside Residential

Mark talked about how he recycles in his house and brings his bottles to the Re-turn machine's.

Thank you to everyone who signed up to the charter!

We would also like to thank Andrew Reen & Robert Sweeney from the HSE who presented everyone with their certificate of recognition.

Let us know what you are doing in your unit!
