Re Progressing Disability Services in Community Healthcare Organisation Dublin North City and County (CHO 9 DNCC) – XXXX

Dear Parents/Guardians,

We would like to update you with some more information about Progressing Disability Services across CHO 9 DNCC. We are changing to the new Children's Disability Network Teams (CDNT) in June 2021 and the following are some details of the Children's Disability Network Team in your area:

- The Children's Disability Network Team for XXXX is: XXXX CDNT.
- The Children's Disability Network Team Manager is: XXXX You may contact the Children's Disability Network Team at: XXXX EMAIL ADDRESS.

The team will have the following disciplines: Occupational Therapy, Physiotherapy, Psychology, Social Work, Speech and Language Therapy. There will be pathways for children to access additional services and supports such as Motor Management, Feeding, Eating, Drinking and Swallowing (FEDS) and positive behaviour support if required.

If you have any questions about the Children's Disability Network Team, please contact the Children's Disability Network Manager on the email above, and they will endeavour to assist you. The Children's Disability Network Team Manager will review all emails and will support you to find the information you need including making an appeal to have your child assigned to another team, if this applies.

We are all working together to support your child's transfer to the new Children's Disability Network Team. There are systems in place to safeguard your child's information and we will keep you updated on this process. We are available to support you as we work through this change together.

We will be in contact with you again before the teams are set up and start their work.

Thank you for your ongoing patience.

Kind regards
