

OUR TRIP TO THE CIRCUS

By Ciaran Belton

Mummy and daddy bought **tickets** to go to the circus

(Let your child feel the tickets or paper)

The **circus tent** was big with lots of colours

(Clip fabric material or a duvet cover to a chair with pegs and hold up over child's head to make tent)

We could smell the **sawdust** on the ground

(Let your child smell the sawdust in the container)

And we could hear the **circus music**

(Record Circus music on your phone to hear circus music)

We saw a girl on a tight rope. **OOOOH** she's going to fall

Hold slinky and wobble your child from side to side

We saw a clown with a big **red nose!**

(Let your child feel the nose on the clown picture)

The clown was playing funny tricks. He squirted **water** at me and I got wet

(Let your child feel the flower and then squirt water from it on to your child's hands)

Daddy bought us a **balloon** on our way home

(Blow up the balloon and then let the air out)

I love the circus. **Thank you** Mammy and Daddy

(Help your child give you a kiss)

THE END

Our Trip to the Circus (props)

1. Tickets
2. Fabric & pegs - circus tent
3. Box of sawdust
4. Circus music
5. Slinky for tightrope walk
